

tOSSad

The main objective of the **tOSSad** project is to start integrating and exploiting already formed methodologies, strategies, skills and technologies in F/OSS domain in order to help governmental bodies, educational institutions and SMEs to share research results, establish synergies, build partnerships and innovate in Europe.

More precisely, the **tOSSad** project aims at improving the outcomes of the F/OSS communities throughout Europe through supporting the coordination and networking of these communities by means of state-of-the-art studies, national program initiations, usability cases, curriculum development and implementation of collaborative information portal.

tOSSad is a truly European project – it has members from Germany, Austria, Bulgaria, Belgium, Estonia, UK, Ireland, Italy, Spain, Sweden, Malta, Norway, Slovenia, Turkey and Ukraine.
